ERIBA Nova SL

Supreme design with perfect functionality.

ERIBA Nova SL - Luxury Caravan

Supreme design with perfect functionality.

The ERIBA Nova SL is the ideal caravan for winter camping, thanks to features such as the 51 mm-thick GRP floor, PU framed windows, PUAL high-tech body and frost-protected plumbing and wiring. The optionally available hot water and floor heating system provides home-from-home comfort. And it goes without saying that the raum+system is incorporated here too for optimal space management. A modern design combined with excellent functionality and first-class equipment features make holidaying in the ERIBA Nova SL a unique experience.

Characteristics

Weight: 1.500 - 2.000 kg

Overall length: 7,21 - 8,05 m

Width: 2,30 / 2,40 m

Height: 2,62 m

Berths: 4

Highlights

PUAL body shell design: optimal insulation, absolute stability

More freedom of movement with 1.98 m headroom

PU double-glazed windows with inner frames

GRP lightweight floor (wood-free) 51 mm

50-l underfloor freshwater tank

Optimal brake force thanks to AAA Premium Brake

raum+system: for added stowage space and functionality

Exclusive ERIBA multifunctional LED hybrid lights - Night signature with the 3 distinctive ERIBA stripes

ERIBA Nova SL - Exterior view & stowage compartments

Front view

Front, roof and rear in the colour Carrara White with new, elegant decals

Rear view

With sturdy manoeuvring handles at the front and a continuous manoeuvring handle spanning the rear, the ERIBA Nova SL can be moved into the correct position quickly and easily. The rear has an impressive automotive design and features the new LED hybrid lights in the distinctive ERIBA 3-stripe night signature.

A real head-turner

The striking appearance of the high-quality Goldschmitt alloy rims (optional) further enhances the stylish overall look of the ERIBA Nova GL. In spite of their light weight, they also permit a substantially higher payload.

Underbody

Fully galvanized system lightweight chassis with galvanized axle beam - Optional waste water tank under the vehicle, 50 litres as standard - Fresh water tank under-floor, insulated and heated.

Side view

All the windows are tinted and feature double insulating acrylic glazing. The caravan has a large exterior locker door that enables the storage space underneath the bed even to be accessed from outside.

Bicycle rack

The drawbar carrier for two bicycles is secure and practical. The bicycle rack can be tilted so that the gas locker can be freely accessed without having to unload the bikes.

The premium drawbar jockey wheel with integrated load indicator, comfort wheel and integrated swing arm suspension is available as an option for the ERIBA Nova SL.

The premium drawbar jockey wheel's integrated load indicator means that you can keep a constant eye on the weight being borne by the drawbar when loading the caravan - ensuring that the load is balanced evenly.

The optional universal awning socket with 230 V, 12 V and TV connections can even be used to hook up and supply power to electrical equipment outside the caravan.

The electro-autonomy package, which is available as an optional extra, consists of a 95 Ah AGM living area battery, a 230 V automatic charger, an LED charger control display and a booster. It is housed in the storage box underneath the seating area.

Please note, that for the UK the offered models and equipment components can differ from the descriptions and information given here. The illustrations are for example purposes only, and may feature optional extras, accessories and vehicle decorations which are not supplied as standard. Optional extras are included in the current price list and available at the extra cost indicated. We reserve the right to modify the equipment or make product improvements not shown in the photos during the lifecycle of the model ranges. We cannot accept any liability for content errors and modifications.

ERIBA Nova SL - Living area

Caravanning with a touch of luxury.

Convivial atmosphere

The ambient lighting, supplied as standard, makes for a cosy evening atmosphere - perfect for getting together round the table (seen here in the Nova Light 540 SL in the simple Pebble Leather design).
